The country will not only recoil from a new agitation, such as those desperate demagogues propose, but i will hold the Radicals to a strict account for the frauds which they have attempted to impose upon the people as fact, by swift witnesses to whom perjury has become a profession.

The minority report made by Frank P. Blair and T. F. Bayard, defends the people of North Carolina and exposes the object of the Committee on Southern Outrages. They declare that the moment the committee was Plain and Checked organized, they found such witnesses as the son of Governor Holden, the infamous Kirk, and the military plunderers ready and waiting; that everything went to show that manifestly the result of a plan cut and dried by a conspiracy of disappointed politicians who have lost the conficast out of office by the almost unanimous voice of their betrayed and injured constituency.
